FEATURING RESIDENT ARTIST

DIANE MAURER

WATERCOLOR PAINTER

Diane has resided at Rockhill since May 2025. (She recalls moving in during Cinco de Mayo!) What once began as a hobby for Diane quickly became her life's work and love, having grown more serious about painting in her twenties.

Diane holds a Bachelors of Fine Art degree from the Moore College of Art in Philadelphia. She also studied interior design but found she was most passionate about watercolor painting, which she later taught at Montgomery County Community College in a full-circle moment. Diane also had her own art studio until the COVID-19 pandemic changed our world.

Diane loves the translucence of watercolor paintings — a quality that can be found throughout all of her exquisite work.
